

# Egg Basket - Where it comes from

Text in this orange colour indicates that similar instruments can be found on every continent

## Egg shakers

Simple shakers made from gourds or seed pods have been used in almost every culture. They're particularly typical of north and south American and African traditions.

## Bamboo basket

From Bali, Indonesia, where the baskets are used for making offerings at the temple.

# Egg Basket - What's in the basket

## 10 Music cards

Ideas and hints for leading stimulating music sessions. There are 10 cards included - part of the full 30 card pack

## Bamboo basket

Made from: outside skin of bamboo  
This is much stronger and smoother than the inside bamboo fibres.

## 12 Egg shakers

Made from: Mahogany wood\*, and plastic beads  
Played by: shaking  
Age from: 4 months

*Please note that seasonal availability of some materials or other factors affecting supply may cause us to make substitutions from time to time.*

\* all our mahogany wood is sustainably grown
